

# Perfection of an art does not necessarily become science, *but in this case it did!*

For over 120 years, the Petri Dish has been a pillar of scientific research.

For almost 40 years, the Lab Products Micro-Isolator® has been the Petri Dish cage of laboratory animal research.

## No Seals, No Clamps, No Gimmicks, Just Pure Science.

**Lab Products Micro-Isolator® cages protect your rodents based on proven scientific principles,** inspired by the Petri Dish. Almost 40\* years later and with many millions in field use, not one single case of cross-contamination\*\* has been reported. Whether your rodents are housed in ventilated, static, reusable or disposable Micro-Isolator® cages, you can rest assured the integrity of your studies remain intact. Choose from many models to house your various rodent species.

### **The Micro-Isolator® – Available Exclusively by Lab Products**

\* 50 Years of Laboratory Animal Science, American Association of Laboratory Animal Science (AALAS) 1999, chapter 15, page 95-96.

\*\* As with Petri Dishes, where proper disciplines of handling and aseptic techniques are utilized.
